Stephen and Mark,

Please see attached sampling results for Arkwood for July 23, 2013: 27.1 ppb PCP at the mouth and <1.00 ppb PCP at the weir.

Jean

Good morning Jean,

Attached are the July monthly sampling results for the Arkwood site. The results were consistent with recent results. The spring flow rate was less than one gpm. I have also updated and attached the sampling table for inclusion in your monthly report (sorry I didn't do this that last two months - I will remember this going forward).

If you have any questions, please let me know.

Best Regards,

Jim

Here ya go, sorry about that! I sent out SEVERALLL reports on Friday like that. You leave one box unclicke
and it just messes everything up!!

Thank you,

Amanda Forbush

Importance: High

Amanda,

The analytical report does not include the Chain of Custody. Please add the Chain and resubmit.
Thanks in advance.

Best Regards,

Jim
